Dorsey, Chief Special Master:

On December 1, 2017, petitioner filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*,² (the “Vaccine Act”). Petitioner alleges that she suffered a shoulder injury related to vaccine administration (“SIRVA”) after receiving a seasonal influenza vaccination on January 4, 2017. Petition at 1, ¶ 2. Petitioner further alleges that she received the vaccination in the United States, suffered the residual effects of her injury for more than six months, and that neither she nor any other party has filed a civil action or received compensation

for her injury, alleged as vaccine caused. *Id.* at ¶¶ 2, 13-14. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On November 21, 2018, respondent filed his Rule 4(c) report in which he concedes that petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, respondent "has concluded petitioner's alleged injury is consistent with SIRVA, and that it was caused in fact by the flu vaccine she received on January 4, 2017." *Id.* at 4. Respondent further agrees that "petitioner has met the statutory requirements for entitlement to compensation." *Id.*

In view of respondent's position and the evidence of record, the undersigned finds that petitioner is entitled to compensation.

IT IS SO ORDERED.
